Monitoring student progress in science

Incorporating science into local curriculum

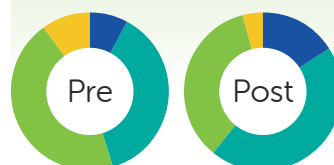

Living World (Biology)

Material World (Chemistry)

Physical World (Physics)

Planet Earth and Beyond

"Our House of Science facilitator has made teaching science uncomplicated and fun, which has removed the fear for me."

Koputaroa School

"I am confident to teach all science curriculum areas now, as I have access to good resources and can investigate alongside the children. I can clarify my understanding using the House of Science kit manuals."

St Joseph's School, Levin
